

"Delicate and muted to boldly tactile; the frayed, artfully embellished; manipulated fabric snippets, uninhibitedly overlaid - all with a common thread of innovation and free-spiritedness, playing with tradition.... this is creative textile and fibre arts".

The ATASDA (Australian Textile and Surface Design Australia) Queensland, will present a showcase of diverse forms of exploratory and experimental fibre arts - basketry, paperwork, bookbinding, dyeing, knotting, felting, diverse stitchery - the unexpected relationships between textiles, fibres, fabrics and other creative mediums.
